Skills for Learning Professionals

Visit the new and improved LLUK group websites

*Get the most up to date information
on lifelong learning at www.lluk.org*

Today sees the launch of two new websites for the LLUK group. Both the Lifelong Learning UK (LLUK) and Standards Verification UK (SVUK) sites have been given an entirely new look and feel. We have refreshed all the content – from consultation events, project updates and initiatives to introducing dedicated pages for all the UK nations and all areas of work we cover.

The site is dynamic and user focused and so we're sure that you'll find it easier to navigate and get to the information you need much more quickly. Whether you are a lifelong learning employer, work in the sector, work with the LLUK group, are interesting in joining the sector or even joining us, we've put our thinking caps on and designed the site to ensure you find your interaction with us a positive one.

If you need further information and advice on our projects or professional development in the sector, there's now a link on every page to our information and advice service.

We're working hard to take the education workforce forward with our employers and we want you to know this.

Log on now at www.lluk.org. We're looking forward to your visit.
